Dear Chamber Members,

If you didn’t attend the 32nd Annual Bois d’Arc Bash, you missed out on something spectacular!

With the theme “May the Bash Be With You”, the Bash parade was a hit with spectators as floats, cars, people, and even a miniature horse adorned their favorite Star Wars attire. With roughly 115 vendors, Bash goers could find a little bit of everything including a variety of food, crafts, clothing, pets, even an alligator. The music this year was phenomenal, many thanks to Ben E Keith for the stage, DB ProAudio for the sound, and The Drunken Mule Saloon for sponsoring Zane Williams.

I would like to take the opportunity to personally thank our Chamber Board members, staff and volunteers who spent countless hours ensuring the Bash went off without a hitch. Between trash runs and unwanted water in all the wrong places, Bash workers gave their all without complaint.

And to our sponsors, each of you created the success of the Bash. Thank you for giving so generously and allowing our annual Bois d’Arc Bash to grow each year. I do believe we set a standard with the 32nd Bash and cannot wait to see what the 33rd Bois d’Arc Bash has in store.

Thank you all for your part in the success of the 32nd Annual Bois d’Arc Bash. This Bash is by far, my favorite Bash of the last 10. I look forward to working with you all again in future Chamber endeavors.

Best Regards,
Jeannie C. Harris

Tech Titans Names Texas A&M University-Commerce a Finalist for the Tech Titans of the Future – University Level Award

By Amy Alexander

Tech Titans, the largest technology trade organization in Texas, has named Dr. Robynne Lock and A&M-Commerce’s Studio Physics program a finalist in the Tech Titans of the Future – University Level Award category as part of the 17th Annual Tech Titans Awards.

"I am honored to be a finalist for a Tech Titans award. Working to improve my classes to have better outcomes for my students is very important to me, and it is wonderful to see Studio physics recognized," said Dr. Lock.

Studio physics is a student-centered active-learning environment in which students spend the majority of class time on group work. Activities include Tutorials in Introductory Physics, Context-rich Problems, and PhET tutorials, all research-based teaching materials. By creating an active-learning classroom, students learn the course content better. They improve their conceptual understanding and problem-solving abilities. Studio has better outcomes regarding students’ attitudes towards physics and aiding in recruitment and retention of STEM majors.

The Tech Titans Awards recognizes the elite in North Texas technology – individuals currently transforming the high-tech industry and giving companies that competitive edge, as well as companies leading the way in innovation and technical applications. The Tech Titans Awards showcases the innovators, adopters and executors impacting the technology industry for the greater good.

The winners for each category will be announced at the Tech Titans Awards Gala on Friday, August 25, 2017 in front of 800 of the top North Texas technology influencers. The gala will take place at the Renaissance Dallas at Plano Legacy West Hotel in Plano, Texas, and will start with a reception at 5:30 p.m. leading up to the award ceremony from 7 to 10 p.m.

“We are proud to be able to recognize the individuals and organizations that make a substantial impact in the North Texas technology industry each and every day,” said Bill Sproull, president and CEO of Tech Titans. “The innovation, leadership and advocacy each of our finalists contributes to the industry make a significant difference in our communities and the world. We look forward to seeing what each of these elite individuals and companies will continue to do for years to come.”

The 2017 award sponsors include Comerica, Crowe Horwath, Dallas Business Journal, Deloitte, Ericsson, Fujitsu, Huawei, M/C/C, Nokia, Renaissance Dallas at Plano Legacy West Hotel, State Farm, VLSIP Technologies and ZRG Partners. Additional sponsors for the event are Bravo Tech, Haynes and Boone, Qorvo and Texas Instruments.
Commerce Area Alumni Chapter of Texas A&M Commerce

By Hoyle Julian

Tuesday, September 13 was a red letter day for Northeast Hunt County Retired Teachers. The group was welcomed as members to the Commerce Chamber of Commerce. Chamber Director Paul Voss was at the first meeting of the year and welcomed the chapter and explained the workings of the Chamber.

The director gave a brief overview and presented facts about the Chamber. He enumerated on the upcoming events for the city. The Holiday Season will be merry and bright with the parade and other events on the calendar.

The second part of the program was an inspirational and true event that happened to our University Director of Alumni Relations. Derryle Peace was a stroke victim in a precarious place. He stopped at a service station in Caddo Mills, when he really didn’t need gas, and it happened there. He was unable to speak, but he waved at a guy and he came to Derryle’s rescue. Noell Sutton, a music major at our university, was not usually in that area, but he was at that time. He called 911 and the rest is a miraculous story of the events that brought Derryle back to us. Noell’s and Derrlye’s guardian angels were on duty that day.

RIBBON CUTTING FOR MUGS COFFEE SHOP

Welcome to Mugs on the Square in downtown Commerce. We have been waiting and the wait is finally over, a great Coffee Shop on the Square in downtown Commerce. Beckey Thompson and her daughters Kelsey Lytle and Amber Kubacheck have opened a much needed coffee shop on Main Street in downtown Commerce. The friendly atmosphere and laid back decor give a feeling of a comfortable relaxed place to just hang out with a great cup of coffee or latte. The ribbon cutting was a part of an official grand opening October 26th that included door prizes, raffles, great music from "Nevermind" band and a chance to taste world class coffee and tea. There were more than 200 visitors the first day and more every day since. Downtown Commerce is lucky to have this establishment and we encourage everyone to go by and visit with them and see all your friends there. Wi-fi and small group friendly as well, makes this new shop a great place to go hang out in Commerce.
Halloween on the Square 2017

Halloween on the Square this year was the most fun we have had in a long time. We had Trunk or Treat Cars all decorated on the square with tents and goodies for everyone. The line coming around downtown was continuous from West Side Barber Shop to Eagle Properties to the Chamber Office to Latson’s back to the Square around to the City Hall back down Alamo to the First Baptist Church. The forecast for rain, or the little bit we got, may have scared off some of the ghosts and goblins but not very many. We started at 5:30 and were still handing out candy at almost 8pm. We had 40 signed up for Trunk or Treat and over 30 businesses signed up for spots to hand out candy. This opportunity for our community to come to one place and have a safe environment to have fun on Halloween is growing and getting larger each and every year. In cooperation with the City of Commerce and local businesses we at the Chamber are trying to make this event fun for the whole family and community. Thanks to all who participated and helped make this year’s Halloween on the Square a great success.
